## Competition - Development (replacing Level 3 Theory)

The new multi-sport modules for the Competition - Development context (to replace the Level 3 Theory) have now been completed and CAC is asking each Province/Territory to pilot these modules. Coaches participating in the pilot will get full credit for those modules completed and as a thank you for participating there will be **no registration fee... a savings of over \$150!** The Level 3 Theory will no longer be offered in Saskatchewan, thus coaches working on certification in the Competition-Development context (old Level 3) will need to begin taking this course. This should be of particular interest to those coaches in their sports Canada Games coaching pool.

### Modules, dates & locations:
